DECREE N°2019-0247/P-RM DU 27 MARCH 2019
FIXING THE ORGANIZATION AND MODALITIES
OF OPERATION OF THE INSTITUTE
NATIONAL PUBLIC HEALTH (INSP)

THE PRESIDENT OF THE REPUBLIC,

Having regard to the Constitution;

In view of Law No. 93-042 of August 4, 1993 establishing a
Implementation Unit for Health Infrastructure Strengthening Programs
(CEPRIS);

Having regard to Law No. 96-015 of February 13, 1996 relating to the
general status of public establishments of a scientific, technological
or cultural nature;

Having regard to Law No. 2014-049 of September 19, 2014 relating
to the fundamental principles of the creation, organization and control
of public services;

Having regard to Order No. 2019-011/P-RM of March 27, 2019 establishing the National Institute of Public Health;

Having regard to Decree No. 204/PGRM of August 21, 1985 determining the methods of management and control of public service structures;

Having regard to Decree No. 2018-0711/P-RM of September 4, 2018 appointing the Prime Minister;

Having regard to Decree No. 2018-0712/P-RM of September 9, 2018 appointing members of the Government,

ACTUALLY IN COUNCIL OF MINISTERS,

DECREES:

TITLE I: GENERAL PROVISIONS

Article 1: This decree establishes the organization and operating procedures of the National Institute of Public Health, abbreviated to INSP.

Article 2: The headquarters of the National Institute of Public Health is located in Bamako. It may be transferred to any other place in the national territory upon deliberation of the Board of Directors of the INSP.

TITLE II: ADMINISTRATIVE BODIES AND MANAGEMENT

CHAPTER I: BOARD OF DIRECTORS

Section 1: Composition

Article 3: The Board of Directors of the National Institute of Public Health (INSP) is composed as follows:

President: the Minister responsible for Health or his representative;

Members:

- the representative of the Ministry of Finance; - the representative of the Ministry of Scientific Research; - the representative of the Ministry of National Education; - the representative of the Ministry of Livestock; - the representative of the Ministry of Agriculture; - the representative of the Ministry of the Environment; - the representative of the Directorate General of Health and Public Hygiene; - the President of the Scientific and Technical Committee of the National Institute of Public Health (INSP); - the Dean of the Faculty of Medicine and Odontostomatology; - the Dean of the Faculty of Pharmacy;

Article 4: The term of office of the members of the Board of Directors of the Institute is three (3) years, renewable.

The term of office of a member of the Board of Directors ends with the loss of the quality which justifies it.

In the event of a seat becoming vacant, the person concerned shall be replaced, for the remainder of the term, by the body which appointed him or her.

Section 2: Operation

Article 5: The Board of Directors of the Institute meets once a semester, upon convocation by its President. It may meet in extraordinary session, upon convocation by its President or at the request of one third (1/3) of its members.

The duration of a session cannot exceed two days.

However, it may be extended, with the express agreement of the supervisory authority, by one more day.

Article 6: The Chairman of the Board of Directors shall send the invitations, the draft agenda and the working documents to the members at least fifteen days in advance.

Article 7: The INSP Board of Directors shall deliberate validly if two-thirds of its members with voting rights are present. Failing this, a new meeting, convened seven days later, may validly sit without a quorum requirement.

The decisions of the Board of Directors are taken by an absolute majority of the members present. In the event of a tie, the President's vote is decisive. Voting is by secret ballot.

The deliberations of the Board of Directors are published in all structures and on the INSP website.

Article 8: The functions of member of the Board of Directors of the INSP are not remunerated.

However, session and travel allowances may be allocated to members, following a deliberation approved by the Minister responsible for Health, within fifteen days following the holding of the session.

Article 9: The secretariat of the Board of Directors is provided by the Management of the Institute.

CHAPTER II: GENERAL MANAGEMENT

Section 1: Of the Director General

Article 10: The National Institute of Public Health (INSP) is headed by a Director General appointed by decree taken in Council of Ministers, on the proposal of the Minister responsible for Health.

In carrying out his duties, the Director General is assisted by a Deputy Director General and Heads of administrative and technical services.

Section 2: Of the Deputy Director General

Article 11: The Deputy Director General replaces, by operation of law, the Director General, in the event of vacancy, absence or impediment.

The Deputy Director General is appointed, by order of the Minister responsible for Health, on the proposal of the Director General.

The appointment order also sets out his specific responsibilities.

Section 3: Administrative and technical services

Subsection 1: Department Heads

Article 12: The INSP Departments are headed by Heads of Department, appointed by order of the Minister responsible for Health, on the proposal of the Director General.

A deliberation of the Board of Directors establishes the list and the attributions of the departments.

Subsection 2: Of the Accounting Agency

Article 13: The accounting department assists the Director General in all tasks related to the management of the Institute's finances and equipment, in particular:

- the preparation and monitoring of the execution of the budget; - the maintenance of general accounting and materials accounting;
- the collection of revenue and payment of expenditure; - the preparation of the Institute's management account.

The accounting department is headed by an accounting officer appointed by order of the minister responsible for finance.

Article 14: The Accounting Agency also has a materials accounting department, a revenue department and an expenditure department.

Article 15: The materials accountant is appointed by joint decree of the ministers responsible for Finance and Health.

CHAPTER III: OF THE SCIENTIFIC COMMITTEE AND TECHNIQUE

Article 16: The Scientific and Technical Committee meets, in ordinary session, two (2) times per year at the call of its chairman.

It may meet in extraordinary session whenever necessary, upon convocation by its chairman or at the request of one third (1/3) of its members.

The agenda and notice of meeting are communicated to members five days before the meeting.

Compliance with the aforementioned deadline, in cases of emergency or necessity, is not mandatory.

The Committee may appoint any other person based on their particular skills.

Article 17: The president and members of the Scientific and Technical Committee are appointed, for a renewable period of three (3) years, by order of the Minister responsible for Health.

The secretariat of the Committee is provided by the management of the Institute.

Article 18: The decisions of the Committee are taken by an absolute majority of the members present.

In the event of a tie, the President's vote shall be decisive.

Article 19: The members of the Scientific and Technical Committee receive communication of all scientific documents, studies and results from the Institute.

They may request any scientific or technical information, excluding accounting or administrative documents.

They receive a copy of the documents approved by the Board of Directors of the Institute.

CHAPTER IV: MANAGEMENT COMMITTEE

Article 20: The Management Committee meets once a quarter, at the request of its chairman.

It may meet in extraordinary session whenever necessary, upon convocation by its president or at the request of one third (1/3) of its members.

The Committee's secretariat is provided by the Deputy Director General.

The Management Committee may call upon any resource person based on their skills.

CHAPTER V: ETHICS COMMITTEE

Article 21: The Ethics Committee meets whenever necessary, mainly to review protocols submitted for its approval, upon convocation by its chairman or at the request of two-thirds of its members.

The Ethics Committee may call upon any resource person based on their skills.

Article 22: The Ethics Committee elects a president from among its members.

Article 23: The members of the Ethics Committee are appointed for a renewable period of three (3) years, by decision of the Minister responsible for Health.

TITLE III: MISCELLANEOUS PROVISIONS AND FINALS

Article 24: At the request of the Institute, State services and organizations under its supervision, local authorities, public institutions, public and private companies operating in the health sector, shall provide it with the information necessary for the exercise of its missions.

The Institute contributes to the establishment of epidemiological surveillance in these organizations.

Article 25: When it proves necessary to prevent or control serious risks to human health:

- any natural or legal person is required, at the request of the Institute, to communicate to it any information that it holds relating to such risks;
- any medical biology laboratory or any other approved laboratory carrying out health checks is required to transmit to the Institute the strains of infectious agent or the biological material in its possession relating to such risks.

Article 26: This decree repeals all previous provisions to the contrary, in particular Decree No. 04-065/P-RM of March 4, 2004 establishing the organization and operating procedures of the National Agency for Food Safety (ANSSA), Decree No. 06-301/P-RM of July 21, 2006 establishing the organization and operating procedures of the National Institute for Public Health Research (INRSP) and Decree No. 07-285/P-RM of August 8, 2007 establishing the organization and operating procedures of the Center for Research, Studies and Documentation for Child Survival (CREDOS).

Article 27: The Minister of Health and Public Hygiene, the Minister of Economy and Finance, the Minister of National Education and the Minister of Innovation and Scientific Research are responsible, each in their respective areas, for the implementation of this decree, which will be registered and published in the Official Journal.

DECREE N°2019-0248/P-RM DU 27 MARCH 2019
FIXING THE CONDITIONS FOR THE DELIVERY OF
APPROVAL FOR SERVICE PROVIDERS
OF CRYPTOLOGY AND THEIR
OBLIGATIONS

THE PRESIDENT OF THE REPUBLIC,

Having regard to the Constitution;

Having regard to Law No. 2013-015 of May 21, 2013, as amended,
on the protection of personal data in the Republic of Mali;

Having regard to Law No. 2016-011 of May 6, 2016 relating to the
rules applicable to the means, methods, services and systems of
cryptology in Mali;

Having regard to Law No. 2016-012 of May 6, 2016 relating to
electronic transactions, exchanges and services;

Having regard to Order No. 2011-023/P-RM of September 28, 2011
relating to Telecommunications and Information and Communication
Technologies;

Having regard to Order No. 2016-014/P-RM of March 31, 2016, as amended, relating to the regulation of the sector of Telecommunications, Information and Communication Technologies and Posts;

Having regard to Decree No. 2016-0274/P-RM of April 29, 2016 establishing the conditions and procedures for approval of Telecommunications and Information and Communication Technologies equipment;

Having regard to Decree No. 2016-0979/P-RM of December 27, 2016 determining the procedure to be followed for the provision of Telecommunications, Information Technology and Communication services subject to declaration;

Having regard to Decree No. 2018-0711/P-RM of September 4, 2018 appointing the Prime Minister;

Having regard to Decree No. 2018-0712/P-RM of September 9, 2018 appointing members of the Government,

ACTUALLY IN COUNCIL OF MINISTERS,

DECREES:

Article 1: This decree sets out the conditions for issuing approval to cryptology service providers as well as their obligations.

CHAPTER I: CONDITIONS OF DELIVERY OF THE AGREEMENT

Article 2: Any natural or legal person under Malian law, hereinafter referred to as "the applicant", requesting the issuance of approval, must send a file to the Malian Authority for the Regulation of Telecommunications, Information and Communication Technologies and Posts.

The issue of approval is subject to payment of application fees.

Article 3: The application for approval to provide cryptology services is established on a form designed and made available by the Malian Authority for the Regulation of Telecommunications, Information and Communication Technologies and Posts.

The form includes, as applicable, the following information:

- the identification of the applicant and his address;

o in the case of a natural person: surname and first names, o in the case of a legal person: the composition of the management, the composition of the capital, o any information allowing the conditions set by law to be verified,

the name and registered office; the coverage area; the description of skills and experience; the rates applied; any other information requested by the Authority.

Article 4: The approval file includes the following documents:

For the natural person:

- a certified copy of the identity document; - a criminal record; - the nationality certificate; - the receipt for the application fees.

For the legal entity:

- a certified copy of the statutes; - a certified copy of the tax identification number (NIF); - a certified copy of the registration document in the trade and personal property register; - certified copies of staff diplomas; - the employment contract endorsed by the Labor services; - the receipt for the application fees.

Article 5: Any approval holder must comply with specifications established by decision of the Authority. These specifications must include the following elements:

- the list of cryptology resources or services that the approved service provider is authorized to manage; - the list of cryptology resources or services that the approved service provider may use or provide; - the technical, security or administrative conditions ensuring compliance with the obligations imposed on the approved service provider; - the conditions for handling and protecting personal data; - the conditions for transferring secret agreements to another approved service provider in the event of cessation of activity, withdrawal or at the request of the user; - the standardized electronic format in which secret agreements must be transcribed, in the event of cessation of activity or withdrawal of approval; - the technical and security provisions taken when putting secret agreements into service in order to identify the approved service provider managing said agreements as well as the users concerned; - the technical conditions for using secret agreements, the resources or services and the measures necessary to ensure their integrity and security.

Article 6: The specifications also include an annex specifying the practical arrangements for submitting secret agreements to the competent administrative and judicial authorities or for their implementation at the request of said authorities.

Article 7: With the exception of its annex, the content of the specifications may be communicated, at their request, to users whose approved service provider manages secret agreements.

Article 8: The Authority is authorized to:

- access the secret conventions of encrypted data; - order the decryption of data.

For this purpose, it may, where appropriate, use the services of cryptology experts.

Article 9: Any proposal to modify the content of the specifications gives rise to a new request for approval.

Article 10: Public services are exempt from providing the documents set out in Article 4 of this decree. However, they are required to comply with the requirements of Article 3.

Article 11: The Authority issues an acknowledgement of receipt upon submission of the file.

Article 12: The Authority has a period of thirty (30) working days, from the date of the acknowledgement of receipt, to make its decision known.

Article 13: If the file is incomplete or if additional information or clarifications are required, the Authority will invite the applicant, in writing, within the same period of thirty (30) days, to complete the file or provide additional information.

In the above cases, the Authority's response period starts from the date of filing or submission by the applicant of the documents, information or clarifications.

Article 14: When the provision of cryptology services specified does not comply with the regulations, the Authority rejects the application for approval and informs the applicant in writing. This rejection must be justified.

Article 15: When a service provider meets the obligation to provide cryptology services, any intermediary that it may appoint must have the required skills and experience.

The cryptology service provider is required to communicate the list of intermediaries to the Authority.

Article 16: To be approved, the service provider must have qualified personnel. The personnel profiles are defined by decision of the Authority.

CHAPTER II: RECEIPT OF APPROVAL

Article 17: If the file is complete and the provision of cryptology services complies with the regulations in force, the Authority issues the applicant with an approval receipt which must include the following elements in particular:

- the registration number of the cryptology service provider; - the references of the cryptology service provider; - the approved cryptology services; - the period of validity of the approval.

Article 18: The cryptology service provider may be approved for a long or short period.

- the approval is long-term when it is granted for a period of five (05) years, renewable. - the short-term approval cannot exceed six (06) months, renewable once.

CHAPTER III: OBLIGATIONS

Article 19: The approval holder is required to inform the Authority in advance of:

- any change:

- in the legal status of the approved service provider;
- in the nature or purpose of the activities of the approved service provider;
- in the address of its domicile or registered office; in the identity or legal qualities of its representatives.

- any merger or transfer of shares or corporate interests likely to result in a change in control of the approved service provider; - any total or partial cessation of the approved activity.

Failure to comply with the above cases will result in the approval being cancelled and the Authority reserves the right to re-examine the file.

Article 20: The termination of the provision of cryptology services must be notified thirty (30) days in advance to the Authority.

The Authority may ensure, at any time and by any means, the accuracy of the information.

Article 21: The signing of a contract is mandatory between the approved service provider and the user for the management of its secret agreements. This contract must include:

- the approval reference, the duration and expiry date as well as any information deemed useful by the specifications;

- a written commitment from the approved service provider regarding the confidentiality, integrity and security of the secret agreements that it manages on behalf of the user; - the terms and conditions under which the user or any other natural or legal person possibly mandated by the user may, upon request, obtain a copy of its secret agreements.

Article 22: The approved service provider establishes and maintains:

- a list of its clients; - a register mentioning all requests submitted by the competent administrative and judicial authorities concerning the implementation or delivery of secret agreements.

This register is signed by the applicant and by the employee of the approved service provider.

Article 23: The approved service provider takes the necessary measures to preserve the security of the secret agreements that it manages for the benefit of its clients, in order to prevent said agreements from being altered, damaged, destroyed, consulted or communicated to unauthorized third parties.

The approved service provider takes all measures, particularly contractual, with regard to its staff, partners, customers and suppliers, to ensure that the confidentiality of the information of which it is aware relating to the use of these secret agreements is respected.

Article 24: Any approved service provider has an obligation to keep the agreements entrusted to it secret.

At the end of a period of four (04) years, from the date of signature of the contract, the approved service provider may, after agreement of the user, file said secret agreements with another approved service provider chosen from a list of approved service providers established by the Authority.

Article 25: The approved service provider has an obligation to implement secret agreements for the benefit of the Authority.

A financial contribution may be requested by the approved service provider from the Authority when the implementation or delivery of the secret agreements mentioned in the preceding paragraph results in a considerable volume of work for the aforementioned service provider.

Where applicable, the Authority is competent to determine the amount of the financial contribution.

However, the requirement for such participation does not constitute an obstacle to the implementation or delivery of secret agreements.

CHAPTER IV: WITHDRAWAL OF APPROVAL

Article 26: In the event of failure to comply with the provisions of the specifications or the obligations of this decree, approval shall be automatically withdrawn by the Authority.

Article 27: Except in cases of emergency, the withdrawal of approval may only take place after formal notice to the holder has remained without effect, within a period of eight (08) days from its notification.

Article 28: If it appears that an approval for the provision of cryptology services undermines the security of the State or the integrity of the national territory, the Authority must, without delay, prohibit the continuation of this provision of cryptology services and cancel the approval receipt, without prejudice to criminal sanctions.

Article 29: The withdrawal of approval is notified by the Authority to the approved service provider and published by any means.

Upon notification of the withdrawal of approval, the service provider concerned shall immediately inform users of the cessation of its secret agreement management activity and provide them with the list of approved service providers offering the same services.

Each user will have to choose another approved service provider to entrust them with the management of their secret agreements. This choice is imposed on the service provider whose approval is withdrawn for the transmission of data.

If the user does not choose within one (01) month, from the cessation of the service provider's activities, the latter transcribes, on a standardized electronic medium whose format is defined in the specifications provided for in article 6 of this decree, the secret agreements that it holds.

This support is automatically filed with another service provider designated by the Authority.

CHAPTER V: CONTROL OF APPROVAL

Article 30: Approved service providers are required to make available to personnel mandated by the Authority, during inspection visits, the information, documents and tools necessary to ensure compliance with the obligations.

Article 31: Any receipt of approval for the provision of cryptology services may be cancelled, following the inspection, by the Authority:

- in the event of detection of false information; - in the event of non-compliance with the requirements of the specifications; - when the approved service provider carries out an activity other than that for which the approval was issued; - when the conditions to which the issue of the approval is subject are no longer met.

CHAPTER VI: FINAL PROVISION

Article 32: The Minister of the Digital Economy and Communication, the Minister of Justice, Keeper of the Seals and the Minister of Security and Civil Protection are responsible, each in their respective areas, for the execution of this decree which will be registered and published in the Official Journal.

THE PRESIDENT OF THE REPUBLIC,

Having regard to the Constitution;

Having regard to Law No. 96-015 of February 13, 1996 relating to the
general status of public establishments of a scientific, technological
or cultural nature;

Having regard to Law No. 2014-049 of September 19, 2014,
establishing the fundamental principles of the creation, organization
and control of public services;

Having regard to Order No. 08-010/P-RM of October 3, 2008
establishing the Training Center for the
Development ;

Having regard to Decree No. 204/PG-RM of 21 August 1985
determining the methods of management and control of public service
structures;

Having regard to Decree No. 2018-0711/P-RM of September 4, 2018
appointing the Prime Minister;

Having regard to Decree No. 2018-0712/P-RM of September 9, 2018
appointing members of the Government,

ACTUALLY IN COUNCIL OF MINISTERS,

DECREES:

Article 1: This decree establishes the organization and operating procedures of the Training Center for Development.

TITLE I: ADMINISTRATIVE BODIES AND MANAGEMENT

CHAPTER I: BOARD OF DIRECTORS

Section 1: Powers

Article 2: The Board of Directors is the deliberative body of the Training Center for Development.

In this capacity, it exercises, within the limits of the laws and regulations in force, the following specific attributions:

- deliberate on all matters relating to the organization of training, development and research programs; - adopt the organizational rules, the organic framework and the various management manuals; - adopt the Center's provisional budget; - examine and approve the Director's annual activity report and the financial statements at the end of the financial year; - adopt the internal regulations;
- deliberate on the activity, equipment and investment programs to be carried out; - deliberate on recruitment plans and procedures; - set the terms for awarding specific compensation or benefits to staff; - give an opinion on any question submitted by the supervisory authority.

Section 2: Composition

Article 3: The Board of Directors of the Center is composed as follows:

President: The Minister responsible for the Economy or his representative;

Members:

- the representative of the Minister responsible for Vocational Training; - the representative of the Minister responsible for Finance; - the representative of the Minister responsible for Higher Education; - the representative of the Minister responsible for Scientific Research; - the representative of the Minister responsible for New Technologies; - the representative of the Minister responsible for the Civil Service;

- the representative of the National Council of Employers of Mali; - the representative of the National Council of Civil Society; - the representative of the Chamber of Commerce and Industry of Mali; - the representative of the workers of the Training Center for Development.

Article 4: The term of office of the members of the Board of Directors is three (3) years, renewable.

Article 5: An order from the Minister responsible for the Economy establishes the list of names of the members of the Board of Directors.

Article 6: The workers' representative is appointed at the General Assembly of Workers.

The representatives of the National Council of Employers of Mali, the National Council of Civil Society and the Chamber of Commerce and Industry of Mali are appointed in accordance with their own organizational rules.

Section 3: Operation

Article 7: The Board of Directors meets twice (2) a year, in ordinary session, at the call of its Chairman. It meets in extraordinary session whenever necessary at the call of its Chairman or at the request of at least 2/3 of its members.

The secretariat of the Board of Directors is provided by the Management.

Article 8: The Director of the Center attends meetings of the Board of Directors in an advisory capacity.

CHAPTER II: MANAGEMENT

Article 9: The Training Center for Development is managed by a Director appointed by decree taken in the Council of Ministers following a call for applications.

Article 10: The Director directs, coordinates and controls all activities of the Training Center for Development. He is responsible for carrying out the work program and the objectives set by the Board of Directors of the Center. He represents the Training Center for Development in all acts of civil life.

For this purpose, it is responsible for:

- to ensure the implementation and monitoring of the deliberations of the Board of Directors; - to exercise all administrative and management functions not expressly reserved for the Board of Directors of the Center or the supervisory authority; - to develop and submit to the Board of Directors the annual work program and the corresponding budget; - to ensure the regular progress of training, development and research activities;

- to execute the budget of the Centre for which he is the authorising officer; - to exercise authority over the staff he recruits or dismisses within the framework of the legislation in force; - to award contracts in the forms, conditions and limits provided for by the laws and regulations in force.

Article 11: The Director establishes the draft internal regulations of the Training Center adopted by the Board of Directors and approved by the supervisory authority.

The internal regulations establish in particular the study regime as well as the rights and obligations of the auditors.

Training courses are provided by high-level institutions or consultants chosen on the basis of their skills.

The choice of establishments or consultants and the related terms and conditions deviate from the provisions governing public procurement.

CHAPTER III: OF THE SCIENTIFIC COMMITTEE

Article 12: The Scientific Committee is an advisory body which gives its opinion on:

- issues relating to the organization and implementation of training programs; - the training plan; - the results of training.

Article 13: The Scientific Committee is composed as follows:

President: the Director of the Training Center for the Development ;

Members:

- the Commissioner for Institutional Development; - the Rector of the University of Science, Techniques and Technologies of Bamako; - the National Director of Vocational Training; - the Director General of Higher Education and Scientific Research; - the National Director of Civil Service and Personnel; - the Director General of the National Center for Scientific and Technological Research; - the Director General of the Information and Communication Technologies Agency; - the Training Coordinator of the Training Center for Development.

The Scientific Committee may, if necessary, call upon any person whose skills are deemed necessary to carry out its mission.

Article 14: The Scientific Committee meets twice a year, in ordinary session, at the call of its President.

It meets in extraordinary session at the request of its President or at least 2/3 of its members.

TITLE III: GUARDIANSHIP

Article 15: The Development Training Center is placed under the supervision of the Minister responsible for the Economy.

Article 16: The acts of management administration defined in Articles 17 and 18 below are subject respectively to prior authorization and express approval by the supervisory authority.

Article 17: Prior authorization is required for the following acts:

- the acceptance of gifts and legacies subject to conditions and charges; - loans of more than one (1) year; - the signing of agreements and contracts for an amount equal to or greater than 50,000,000 CFA francs; - the acquisition of a stake and any intervention involving the transfer of the Center's assets and resources; - the project to create regional branches.

Article 18: The following acts are subject to express approval:

recruitment plans; minutes of the Board of Directors; annual budget; allocation of results; internal regulations.

Article 19: Prior authorization or express approval is requested by request from the Director.

The supervisory authority has fifteen (15) days from receipt of the request to notify its authorization, approval or refusal.

After this period, the authorization or approval is considered acquired.

TITLE IV: FINAL PROVISIONS

Article 20: This decree repeals Decree No. 08-651/P-RM of October 27, 2008 establishing the organization and operating procedures of the Training Center for Development.

Article 21: The Minister of Economy and Finance, the Minister of Digital Economy and Communication and the Minister of Labor and Civil Service, responsible for Relations with Institutions are responsible, each in their respective areas, for the execution of this decree which will be registered and published in the Official Journal.

THEIR AREAS OF EXPERTISE

THE PRESIDENT OF THE REPUBLIC,

Having regard to the Constitution;

Having regard to Law No. 96-059 of November 4, 1996, as amended, establishing Municipalities;

Having regard to Law No. 99-035 of August 10, 1999 establishing territorial communities of Circles and Regions;

In view of Law No. 2011-036 of July 15, 2011 relating to the tax resources of Municipalities, Circles and Regions;

Having regard to Law No. 2011-049 of July 28, 2011, establishing the fundamental principles of the creation, organization, management and control of local authority services;

Having regard to Law No. 2012-006 of January 23, 2012 relating to the fundamental principles of the administrative organization of the territory;

Having regard to Law No. 2014-049 of September 19, 2014 relating to the fundamental principles of the creation, organization and control of public services;

Having regard to Law No. 2017-051 of October 2, 2017 relating to the local authorities code;

Having regard to Law No. 2017-052 of October 2, 2017 determining the conditions for the free administration of local authorities;

Having regard to Law No. 2017-053 of October 2, 2017 relating to the special status of the District of Bamako;

Having regard to Decree No. 2015-0067/P-RM of February 13, 2015 establishing the conditions of appointment and the responsibilities of heads of administrative districts;

Having regard to Decree No. 2018-0711/P-RM of September 4, 2018 appointing the Prime Minister;

Having regard to Decree No. 2018-0712/P-RM of September 9, 2018 appointing members of the Government,

ACTUALLY IN COUNCIL OF MINISTERS,

DECREES:

Article 1: This decree determines the terms of transfer of decentralized services from the State to local authorities within their areas of competence.

Article 2: The transfer of decentralized State services to local authorities within their areas of competence consists of the permanent provision of said services to local authorities with the associated resources for the execution of their missions on the basis of the principle of subsidiarity.

Article 3: The transfer may relate to all or part of the services.

Article 4: The transfer is subject to the following conditions:

- the missions carried out fall within the exclusive competence of the local authorities;
- the missions carried out are of an operational nature;
- local authorities do not have their own means of action in this area;
- the transfer does not result in a deficit of State resources.

Article 5: The decentralized services of the State carrying out missions assigned to the Local Authorities are transferred to them as follows:

- regional technical departments at the Regional or District territorial authority;
- technical services of the circle at the territorial community of the Circle or at the municipality of the District of implantation;
- the technical services of the District to the Municipalities or to the Municipality of the District of implantation.

The technical service of the District is transferred to the Municipality of the capital of the District. It covers all the Municipalities within the jurisdiction of the District.

When the transfer of service results in the disappearance of State powers, this service is eliminated.

When State powers remain after the transfer of service, the powers subject to the transfer are the subject of the creation of a corresponding specific service of the territorial authority.

Article 6: In the financial field, the transfer gives rise to the creation of delegations or branches with the local authorities.

Article 7: A decree of the Prime Minister establishes, on the proposal of the competent minister, the transfer of decentralized services.

It specifies the following elements:

- all or part of the State's decentralized services transferred;
- the number of jobs or fractions of jobs transferred;
- the list of names of agents occupying the functions transferred to the local authorities;
- a detailed statement of the movable and immovable property allocated to the services concerned;
- details of the financial resources relating to the transferred decentralized State services.

Article 8: The decentralized services of the State transferred to local authorities are integrated into the local authorities' own services.

They are responsible, under the administrative authority of the heads of the executive bodies of the territorial authorities, for carrying out the missions falling within the areas of competence of the territorial authorities.

Their purpose is to contribute to the design, programming and implementation of economic, social and cultural development actions of regional or local interest.

Article 9: The transferred regional technical departments are placed under the administrative authority of the Presidents of the Regional Councils and the technical authority of the corresponding central services.

The transferred technical services of the circle are placed under the administrative authority of the Presidents of the Circle Councils and the technical authority of the regional technical departments concerned.

The transferred district technical services are placed under the administrative authority of the Mayors and the technical authority of the technical services of the Circle concerned.

Article 10: The administrative authority of the heads of the executive bodies of the local authorities is exercised over the transferred decentralized services falling within their areas of competence through:

- a power to coordinate and control the activity of said services;
- a power of prior instruction relating to the content of the decisions to be taken and the activities to be carried out involving the exercise of a power of approval, suspension, reformation or cancellation;
- a power of intervention a posteriori in the implementation of activities.

Article 11: The administrative authority of the heads of the executive bodies of the local authorities is exercised over the transferred decentralized services without prejudice to the prerogatives recognized to the Representatives of the State, in particular in the coordination, orientation and control of activities falling within the framework of the sovereign missions of the State.

Article 12: The technical authority of the central services, regional technical departments and technical services of the Cercle is exercised over the transferred decentralized services in the form of supervision, monitoring and support-advice for the application of the orientations of the national policy in the area concerned. They also have the power of instruction with regard to the transferred decentralized services on issues of national interest.

Article 13: The heads of the executive bodies of the local authorities shall annually include in their programming and planning documents the decentralized services of the State transferred and the resources allocated to the operation of these services.

Article 14: As part of the support-advice relationships, the Presidents of the executive bodies of the Local Authorities transmit, for information, each year, to the State Representatives within their jurisdiction the action plans and activity reports of the transferred decentralized State services.

Article 15: At the request of the local authorities, the specific services of the administrative districts provide the necessary support and advice for the exercise of the missions assigned to the transferred decentralized State services.

Article 16: State agents serving in decentralized State services transferred to local authorities retain their status.

The methods of administration and management of the personnel referred to in the preceding paragraph are those provided for by their original statutes.

However, the competent authority shall seek the opinion of the head of the executive body of the territorial authority concerned on any matter relating to the administration and management of personnel serving in the transferred decentralised services. The terms of this consultation shall be determined by order of the Minister responsible for territorial authorities.

Article 17: The transfer of movable and immovable property to local authorities is carried out in accordance with the texts in force.

Article 18: This decree repeals all previous provisions to the contrary, in particular those of Decree No. 96-084/P-RM of March 20, 1996 determining the conditions and procedures for making decentralized State services available to local authorities.

Article 19: The Minister of Territorial Administration and Decentralization, the Minister of Economy and Finance and the Minister of Labor and Civil Service, responsible for Relations with Institutions are responsible, each in their respective areas, for the execution of this decree which will be registered and published in the Official Journal.
