GENERAL INFORMATION TO PRESENT THE DOCUMENTATION

In order to present the file of your procedure to be evaluated by the UHAP-CCINSHAE, it is essential that you meet the following requirements:

1. The documentation must be presented entirely in Spanish
2. The file must be protected with pastes or a colored folder, and must be identified with a label that indicates the type of procedure and the Therapeutic Group to which it belongs, for example:

3. The information must **be joined** by a system of clasps (9 cm) on the left side, without binding and without staples, in such a way that it allows free opening between its sheets.

4. The separation must be done by MODULES, with colored sheets that include the Title of the Module (as referred to in the corresponding guide).
5. Information can be highlighted using **text markers (yellow color)**.
6. It is recommended **not to number** the file until it contains the UHAP seal.
