## COMMUNICATION N° 001-2024-DIIS/INS

Publication date on the REPEC website: Lima April 9, 2024

---

Through this statement, the Directorate of Health Research and Innovation – DIIS informs the Sponsors and Contract Research Organizations – OIC, that carry out clinical trials in the country, the obligation to verify that the Research Center registered in the REPEC v2, where The trial will be conducted must be authorized in the specialty according to the proposed clinical trial.

The legal representative of the Research Institution as administrator of the active Research Center to carry out clinical trials if it does not have the specialty according to the proposed trial, must request the DIIS to expand the specialty (modification of the Research Center) and the new "Constancy Research Center Registration" must include the required specialty; All these procedures must be carried out prior to the request for authorization of a clinical trial, under responsibility.
