

COMMUNICATION N° 002-2024-DIIS/INS

Publication date on the REPEC website: Monday, June 10, 2024

REGISTER OF RESEARCH CENTERS

The Directorate of Health Research and Innovation (DIIS) of the National Institute of Health, informs the Representatives of the Research Centers and Research Institutions, that having established the validity of the Research Center Registration Certificate (RCI), according to As stated in DL No. 1452 of September 16, 2018: article 36-B, the review of the ICRs registered on the platforms: REPEC1 and REPEC2 was carried out and all ICRs that did not have clinical trials were cancelled. assets and whose certificate has been issued prior to September 16, 2015, which become NOT VALID.

Research Institutions that intend to continue carrying out clinical trials may request an update of the validity, considering the same RCI number. To do this they must:

Complete the Research Center Registration Application (FOR-OGITT-022), available at <https://repec.ins.gob.pe/solicitud/registro-centroinvestigacion>, and the Affidavit of compliance with minimum IC requirements (FOR-OGITT-023), available at <https://ensayosclnicos-repec.ins.gob.pe/registro-de-centros-de-investigacion>; print the documents, sign them and upload them to the system, REPEC

Finally, you are reminded that all requests must be notified by the Virtual Parties Table (MPV), which is the official channel for receiving documents, attaching the FOR-OGITT-022 and FOR-OGITT-023.

If you have any questions or problems about the REPECv2 System, you can contact Engineer Jenny Parillo at Telephone (51 1) 748 0000 annex 2616, email jparillo@ins.gob.pe.

You can consult the [INS video tutorial](#).
